SIGN UP FOR THE LEAGUE OF NH CRAFTSMANS FAIR DEMONSTRATION TENT!

AUGUST 1ST-AUGUST 9TH

For the past three years, we have participated in the League of New Hampshire Craftsman show by hosting a demo tent throughout the 10 days of the fair. We provide hands on instruction on the wheel for those who wish to try it out! We also have an air dry clay handbuilding station, where visitors do get to make and bring those pieces home. It is a great time to hang out and talk about clay with fellow potters and those who are curious about the process!

We need people to help support the tent throughout the week! We have morning and afternoon shifts available, and you can help with wheel throwing or hand building (both if you are willing)! Plus, you get free access to the fair! Willing to help out all day? The League will provide you with another day pass to come and enjoy the fair another time!

There is a NH Potters Guild Potluck that happens at the Sunapee Lake State Park on Thursday of Fair week! Feel free to attend!

TORI MOTYL THROWING BIG WROKSHOP SURVEY

We are SO excited to offer a workshop with Tori Motyl, a Vermont ceramicist who throws large vessels using terracotta clay this fall.

We would love your feedback using this survey to create a workshop around the needs and wants of those who wish to attend! There are options for one or two day workshops, as well as other things to consider, hence why having your feedback is important to us and Tori!
